Videocom Systems  
64-45 Booth Street  
Rego Park, NY 11374

To Videocom Systems,

We would like to thank Videocom for an excellent job on our TELEPHONE networking system installation. The job was done in detail and extremely neat. The wires are just invisible. All the features of the phones are working perfectly. Also, when we called you for service you came the same day or next day. We are very happy with your work and again thank you!

Sincerely,

Nick and Laura Santana
