To Whom It May Concern:

I would like to take the time and write this thanks letter regarding Videocom Systems. Videocom has made us very happy with the audio system installation in our newly renovated 25,000 Sq. Ft. upscale two levels restaurant located at 116 E 16th Street, Union Square NYC.

The 30 speakers installed are dispersed proportionally throughout four large dining rooms and 60 feet bar area giving an astonishing sound. The acoustic is incredible in all four zones. We can select in each zone four different sources of music and change the volume individually in each room as we desire.

In a single word, the audio system Videocom installed is "SPECTACULAR."

In the beginning, we weren't sure who to hire, being contacted by so many audio-video installation companies, but based on Videocom's credentials we decided to go with them. It proved to be the best decision.

The sound system is part of our restaurant's success. Our customers really enjoy it. Videocom... Thank You!

Sincerely,

Sergio Riva,
Co-Owner
