Re: Videocom Security Systems, Inc.
6445 Booth Street
Rego Park, NY 11374

To whom it may concern:

The 4040 Club re-opened doors after a total renovation that finished in January of 2012.

Videocom Systems has installed about 80 security cameras on our premises including 5 Digital Video Recorders and Monitors. Videocom worked with our Architect and the Designer to ensure that most of the areas are covered and the aesthetics and the fit of the equipment are appropriate.

The work was totally outstanding and we would like to thank again to Videocom Systems for the job they have done here at 4040 Club NYC.

We highly recommend Videocom to any Club or Restaurant in need of security cameras installation.

Sincerely,

Candice Davis, GM
