January 21, 2013

To whom it may concern:

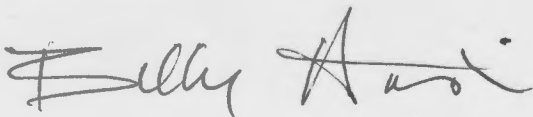

Savoy Condominium hired Videocom to overhaul all of our security surveillance equipment. The work performed included rewiring old cable wires with new high quality wiring, installation of many new cameras, installation of 2 monitors and 2 DVRs.

The DVRs that were installed are very user friendly, which makes saving and playback a simple process. All viewing of the monitors can easily be activated through our computers and smart phones, if needed. The installed cameras are of a high definition quality.

I found Paul and his mechanics to be professional, knowledgeable and very easy to work with. The work performed has been outstanding and the customer service excellent. I would highly recommend Paul without any reservations.

Please feel free to call me at (212) 593-5200.

Sincerely,

A handwritten signature in black ink that reads "Billy Austin". The signature is written in a cursive, flowing style.

Billy Austin, Building Manager
