To Whom It May Concern:

For the past year Paul Forrest and his team at Videocom has been servicing our audio systems as well as helping to maintain our security camera systems. In this time I have been more than satisfied with the work that he and his team have done here. We are a high-end restaurant with six different dining rooms as well as garden space that all require impeccable sound for our customers. I would highly recommend Videocom for any sound or security system needs. If you have any questions do not hesitate to call me.

Sincerely,
